DETAILED ACTION

Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because current drawings comprise of hand written elements and reference numbers. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Response to Arguments

2. Applicant's arguments, see pages 8-10 of Applicant's Remarks, filed 06/07/05, with respect to the rejection of claims 1-20 based upon the Sono et al. reference have been fully considered and are persuasive. The rejection of claims 1-20 has been withdrawn since in a further review of the prior art of record, and review of Applicant's arguments, the Sono et al. nor any of the remaining references, were not found to disclose the feature of dummy pixels allowing light to pass through in combination with the further limitations of the claims (found in claims 1, 8 and 15).

Allowable Subject Matter

3. Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

In reference to claims 1, 8 and 15, the prior art of record (Hashimoto (U.S. Patent 5,784,132), Sono et al. (U.S. Patent 5,513,028) and Hill et al. (U.S. Patent 6,577,291 B2)) does not explicitly disclose a pixel border comprising dummy pixels that allow light to pass through to improve the contrast of edge-displayed images while matching the background pixel color of the display, in combination with the further limitations of claims 1, 8 and 15 respectively.

In reference to claims 2-7, 9-14 and 16-20, claims 2-7, 9-14 and 16-20 depend upon allowable claims 1, 8 and 15 respectively, and are therefore also deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
